ARMOUR FAMILY OF SERVICES AND PRODUCTS

Consulting and Auditing Services

Armour offers a range of Occupational Health and Safety consulting services including customized safety program development, or individual procedure and policy development. Auditing services include internal and external safety program audits or audits for sub programs including WHMIS.

Safety Adviser Services

Safety Adviser services include onsite term safety officer placement and daily safety watch/adviser. Armour works with the client to determine their needs and the best strategy to meet them. Standby Medical Services are also available.

Training Services

Safety training courses include H2S Alive and Fall Protection for Rig Workers (ENFORM), Confined Space Entry and Rescue, Fall Protection Awareness (OSSA), Red Cross Emergency and Standard First Aid/CPR with AED, Ground Disturbance Level 2, Transportation of Dangerous Goods and Workplace Hazardous Materials Information Systems. Other Occupational Health and Safety related courses are available on demand.

**THIS SIGN DOES NOT MEAN
TURTLES BELOW.**

Customized company specific training courses may be available upon request.

Training can be accessed through the public training calendar. On-demand group training is also available onsite or at the Armour Safety facility.

Other Services

Other services include Respiratory Fit Testing, Ergonomics Assessments, and Drug and Alcohol testing.

Products

Armour is a distributor for world class Philips automated external defibrillators and STAT-X Fire Suppression Systems.
